#### **CHAPTER 1** What is Marketing?

#### **The Five Step Marketing Process**

Understand the marketplace and customer needs and wants

Design a customer value-driven marketing strategy

Construct an integrated marketing program that delivers superior value

Engage customers, build profitable relationships, and create customer delight

**Capture value from** customers to create profits and customer equity

By creating value for customers and building customer relationships...

...marketers capture value from customers in return

# CHAPTER 1 Understanding the Marketplace and Customer Needs Customer Needs, Wants and Demands

- Needs State of deprivation
- Wants Form that needs take
- Demands Wants backed by buying power

## CHAPTER 1 Designing a Customer Value-Driven Marketing Strategy Marketing Management Orientations

Production Concept

Product Concept

Selling Concept

Marketing Concept

Societal Marketing Concept

Consumers will favor products that are available and highly affordable.

Consumers favor products that offer the most quality, performance, and features. The focus is on continuous product improvements.

Consumers will not buy enough of the firm's products unless the firm undertakes a large-scale selling and promotion effort.

Know the needs and wants of the target markets and deliver the desired satisfactions better than competitors.

The company's marketing decisions should consider consumers' wants, the company's requirements, consumers' long-run interests, and society's long-run interests.

### **CHAPTER 2 Company-Wide Strategic Planning**

#### **Strategic Planning**

**Strategic planning** is the process of developing and maintaining a strategic fit between the organization's goals and capabilities, and its changing marketing opportunities.

### **CHAPTER 2 Company-Wide Strategic Planning**

#### **Defining a Market-Oriented Mission**

The mission statement is the organization's purpose. What does it want to accomplish in the larger environment?

Forging a sound mission begins with the following questions:

- What is our business?
- Who is the customer?
- What do consumers value?
- What should our business be?

### **CHAPTER 2 Company-Wide Strategic Planning**

#### **Setting Company Objectives and Goals**

#### **Business Objectives**

#### **Marketing Objectives**

- 1. Build profitable customer relationships
- Invest in research
- 3. Improve profits

- 1. Increase market share
- 2. Create local partnerships
- 3. Increase promotion

### **CHAPTER 2 Designing the Business Portfolio**

#### **Analyzing the Current Business Portfolio**

Identify strategic business units (SBUs)

Assess the attractiveness of its various SBUs

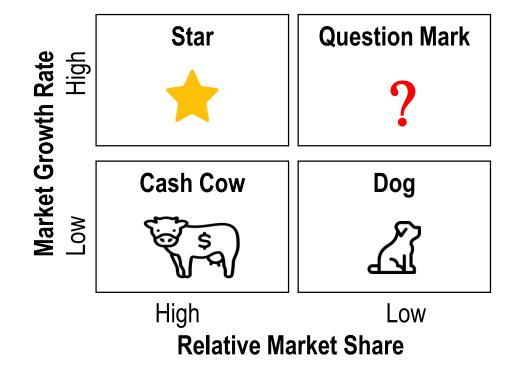

Decide how much support each SBU deserves

### **CHAPTER 2 Designing the Business Portfolio**

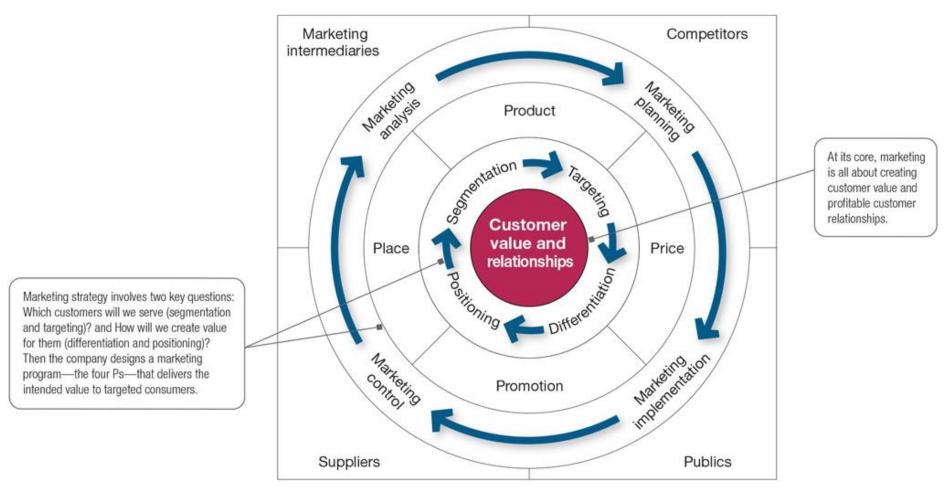

#### The BCG Matrix

#### **BCG** portfolio planning approach

- The company invests funds from mature, successful products and businesses (cash cows) to support promising products and business in faster-growing markets (stars & question marks), hoping to turn them into future cash cows.
- The company must decide how much it will invest in each product or business. For each SBU, it must decide whether to build, hold, harvest, or divest.
